

Static spray ball 540/541

- Static multichannel solid jet nozzle

Advantages

- Ideal for rinsing containers
- Compact design
- Self-draining
- No moving parts and thus faultfree
- Easy to inspect

Dimensions in mm.

Series 540/541

Technical data:

Spray angle
240°

Materials
Solid stainless steel, PVC

Pressure ranges
2–3–10 bar

Operating principle
Static

Installation
Operation in every
installation position

Max. tank diameter
7.5 m

Spray angle	Order No.	V̇ water [l/min]					Max. tank diameter [m]
		2.0 bar	3.0 bar	4.0 bar	5.0 bar	10.0 bar
