- Position monitoring possible (optional)
- Sealed by rod seal on process side
- Process-side flange EN 1092-1  
DN 100 PN 16
- Process-side components are  
food-compliant

Extendable cleaning lance

## Good to know

In some processes, the tank cleaning nozzle must not remain in the tank during the process. Lechler offers pneumatically extendable cleaning lances so that the tank cleaning nozzle is only in the tank when it is used for cleaning. We will be pleased to discuss your requirements. By phone on +49 7123 962-0 or by email at [info@lechler.de](mailto:info@lechler.de).
